

Catholic Myth-buster Series

***The Galileo Affair:***  
***The History of the Relationship Between***  
***Faith and Science***

Presented by  
**Dr. Paul C. Hilliard, PhD.**  
University St. Mary of the Lake

**Tuesday, October 16, 2018**  
**7:00 - 8:45 p.m. in the Parish Center Meeting Rooms**

The trial of Galileo is often presented as the defining moment in the relationship between science and the Church. In popular history, the Church is presented as condemning Galileo's proposal that the sun, and not the earth, was the center of the solar system because the Church was against scientific thought. In fact, the relationship between science and the Church has been a very positive relationship. Come hear more about the actual history of faith and science, along with a better understanding of the Galileo affair.

**\*\*Please register to allow the parish to plan for the sessions\*\***

You may register online at [www.stmaryfc.org](http://www.stmaryfc.org) or by returning this form to the parish office. There is no cost to attend but a \$5 donation to support the Adult Formation ministry is suggested.
