Access Favorite Homilies on St. Mary Website

By Emma Roberts, Carmel H.S., Class of 2022

Did you ever wish you could to hear our priests' homilies again? Good news! Full audio recordings of our weekend homilies can be found on the St. Mary's parish website. This unique feature allows parishioners to re-listen to homilies, gain additional insights, or share the message with a friend or family member.

This valuable tool began in July of 2011. The Darrell and Susan Harmon family has played a key role in recording the weekly homilies and posting them to our parish website. Teenage daughters Regan and Riley have led this project in recent years. Each weekend, the readings and homily from each Mass are set to record to a laptop. From there, the Harmon family edits the file and sends it to parishioner and website coordinator, Jessica Stoffel, to upload to the parish website.

Mr. Harmon stated, "I think it is a great way to share homilies/messages with friends and family that may not have had the opportunity to hear a particular homily. I've gone back and re-listened to homilies that spoke to me."

How can you access our homilies? Go to our parish web-site (stmaryfc.org) and select the "About Us" tab. From there, choose "Homily Recordings." You will find recordings archived by date and homilist.

The Harmon family will be stepping down from this ministry and new volunteers will soon continue this valuable service. A big thank you to the Harmon family for the gift of your time and talent for the last seven years!
